Faith in Place empowers Illinois people of all faiths to be leaders in caring for the Earth, providing resources to educate, connect, and advocate for healthier communities.
In the fall of 2012 Faith in Place embarked on the Migration and Me Program that focuses on the connections between human and animal migration. Program participants engage in stewardship activities, story circles, and education about monarch butterflies and migratory birds as well as other environmental issues and actions.
Program Highlights

Intentional Connection of

* People to People  People to Nature

* Story Circles
* Nature Outings for all Ages
* Stewardship
* Native Plant/Butterfly and Food Gardens
Migration
Movement with a Purpose
