Looking Back on September

Thank you to everyone who joined us at the Green Team Summit! It was a great day to #GetConnected!

Together, we learned about ways to get our faith communities involved in caring for the Earth.
There are many houses of worship doing great things and congratulations to the folks at Our Saviour's Lutheran Church in Arlington Heights for winning the North & West Suburbs green team of the year award!

Check out fun photos and read a recap of the day in this blog post.

Read more in this blog post.

Get Connected in October

Under direction from the current Administration, the EPA is proposing a new rule to weaken regulations on coal power plants, replacing the Clean Power Plan of 2015.

The only public hearing in the entire country on this proposed rule was held in Chicago on Monday, October 1st. Thank you to everyone who advocated for clean air, clean water, and the health of our communities!
Along with people of many different faiths across the country through the national organization, Interfaith Power & Light (of which Faith in Place is the Illinois affiliate), you can still add your voice as a faithful advocate.

Submit an official comment to the EPA [here](https://example.com) by October 31st.

**Listen, Lead, and Share – October 23rd**

"Listen. Lead. Share. A conversation about winning a clean, equitable energy future” is an open conversation to explore how communities across Illinois can work for and benefit from a clean economy that cuts energy costs and creates jobs.

**Pledge to Be a Climate Justice Voter**

Sign the Climate Justice Voter Pledge to show your support for building a clean energy economy from which everyone can benefit!

“As a person of faith, I am a climate justice voter. I pledge to vote on Nov. 6, 2018, because we have a moral obligation to ensure clean water and air for our neighbors, all living things, and future generations.”

**Get out the Vote**

In order to be a climate justice voter, you have to be registered to vote! Check on your voter registration status, find the location of your polling place, and learn about early voting options here.

**Annual Celebration & Fundraiser - Nov 13th**

Save the date for our 2018 Annual Celebration and Fundraiser in the North & West Suburbs on Tuesday, November 13th from 7:30pm to 9:00pm. Join us for desserts and the opportunity to support the work of Faith in Place!
2017 Annual Report!

We connect people of diverse faiths with the environmental movement because we are a powerful force for change. See this incredible impact in our Annual Report highlighting our work together in 2017.
